

Career Roadmap

Student → Freelancer / Business Owner | Timeline: 2 Years

Generated using Chain-of-Thought Reasoning

Student

No Skills Yet

2 Year Plan

MONTHLY MILESTONES

Period	Milestone	Goal
Month 1–2	Pick your skill + start daily learning	1 hr/day
Month 3–4	Complete first course + build 1 project	Portfolio
Month 5–6	Create profiles on freelance platforms	1st client
Month 7–9	Land 3 clients + collect testimonials	\$300+/mo
Month 10–12	Niche down + raise rates + get referrals	\$800+/mo
Year 2 Q1	Build systems + hire / outsource tasks	Scale
Year 2 Q2	Launch productized offer or micro-SaaS	\$2k+/mo
Year 2 Q3	Establish brand + grow LinkedIn audience	Authority

NETWORKING STRATEGY

LinkedIn	Post 3x/week about your learning journey
Twitter/X	Document progress — build in public
Reddit	Answer questions in r/freelance, r/learnprogramming
Discord	Join 2–3 niche communities; help others
GitHub	Push out 1–5 potential clients weekly

IMMEDIATE NEXT ACTIONS

- Choose ONE skill to master this week
- Create free accounts: Canva, GitHub, LinkedIn
- Start freeCodeCamp or CS50 today (free)
- Watch 3 YouTube videos on freelancing basics
- Set a daily 2-hr learning block in your calendar

CURRENT POSITION

Student with no formal skills

Strengths: Time, low risk, high learning capacity

Runway: 2 full years to build and launch

TARGET GOAL

Launch a Freelance Business / Digital Startup

SKILL GAP ANALYSIS

- No-code / Low-code tools
- Freelance skill (design/dev/writing/AI)
- Business & pricing fundamentals
- Client communication & proposals
- Online presence (portfolio + LinkedIn)

RECOMMENDED LEARNING PLAN

Q1–Q2 Pick ONE skill: Web Dev / AI tools / Design / Writing

Q3–Q4 Go deep: take free courses (freeCodeCamp, CS50, Canva)

Q5–Q6 Start freelancing on Fiverr / Toptal / Upwork

Q7–Q8 Build agency / productized service / micro-SaaS

SUGGESTED PROJECTS

- Build a personal portfolio website (Month 2–3)
- Design 5 social media templates for a niche
- Create an AI-powered tool or automation
- Land your first 3 paid clients (even at low rates)
- Launch a productized service with a pricing page
